

Aesthetic apparatus treatments

BASIC APPARATUS FACIAL TREATMENTS

We adapt the basic treatments to the type and condition of the skin. All products within the treatment are carefully selected and adapted to each client's needs in order to achieve the maximum effect in combination with the selected technology.

Hygienic facial treatment with ultrasonic skin spatula cleaning	60' / 3.800
Microdermabrasion with biological facial treatment	60' / 4.900
Needle-free mesotherapy with biological facial treatment	60' / 5.000
Mesotherapy for the eye area	30' / 2.900
Radiofrequency with biological facial treatment for lifting and contouring	60' / 5.100

INTENSIVE APPARATUS FACIAL TREATMENTS

Intensive treatments are our best recommendation for achieving a specific effect on the skin: cleansing, lightening, hydration. In combination with the two apparatus technologies, the results they give are intense and instantly visible.
